

DANIEL NYAKUNDI

Hi

My name is Daniel. I am married with five wonderful children. Before working for Alive and Kicking, I had worked as a security guard at Yaya Centre earning Kshs 1200 per month. I later joined a local company where I was stitching balls and would earn Kshs 5200. In 2004 I joined Alive and Kicking.

Since I joined Alive and Kicking in 2004, I have been able to take one of my children to Kenyatta University while educating three others in high school and my youngest one in Primary School. This I'm able to do while still taking care of my relatives through my income at Alive and Kicking.

Eventually I plan to have all my children go through University so that they can get a good education and get good jobs.

Thank you for supporting Alive and Kicking by buying balls stitched by my colleagues and myself.
